#### Nuclear Industry Association's Nuclear Week in Parliament 2026

On behalf of the Nuclear Industry Association (NIA), I would like to express my sincerest thanks for your Silver sponsorship of Nuclear Week in Parliament. This year's Nuclear Week was our biggest yet, marked by the invaluable support of our incredible sponsors and underpinned by the positive advances made across the sector over the past 12 months.

Featuring 18 official events covering many aspects of the nuclear supply chain, the week brought together parliamentarians, civil servants and industry leaders, uniting key decision-makers from Westminster and the sector to help maintain momentum as the civil nuclear industry enters another critical year.

As a key organisation within the UK's nuclear supply chain, your sponsorship and the presence of NUVIA at events across the week were greatly appreciated by the NIA, our fellow sponsors and attendees. Since the conclusion of Nuclear Week, we have received very positive feedback from guests and parliamentarians alike, who noted the high-calibre of nuclear industry attendees and the insightful contributions from both government and industry speakers.

The NIA truly appreciated your commitment to both Nuclear Week in Parliament and your engagement with a wide range of voices from Parliament and the industry.

Please do let me know if there is anything the NIA can do to support you going forward, as we continue to work with you and your team to help ensure that 2026 is another successful year for the civil nuclear sector.
